

COLORTONE

DATA SHEET: COLORTONE FLOOR VARNISH WATER-BASED

Product: FLOOR VARNISH (Interior)

Colours: Clear, White and Teak

Available sizes: 1lt, 5lt and 20 litres

Finish: Suede finish

Description:

Colortone Floor Varnish is a fast-drying, water-based, lead-free coating for softwood interior floors. Easy to apply and tough enough to withstand heavy foot traffic, our water-based Floor Varnish keeps wooden floors protected and looking great.

***Not recommended for cracked softwood.**

APPLICATION

Wooden floor preparation:

- Remove existing coatings from the wooden surface with Colortone Super Paint Stripper or by sanding
- Using a conventional sander, ensure your wooden floor is properly sanded down
- Wash the floor thoroughly to remove all dust, dirt and oil and allow to dry

Floor Varnish application:

- **Stir** the Colortone Floor Varnish contents **well** before use
- Use a paintbrush or roller to apply Floor Varnish
- For your first coat of Floor Varnish, dilute with 10% water
- Thereafter, apply two undiluted coats of Floor Varnish to ensure the floor is **sealed all around**
- **Pro tip:** For optimal results, we recommend you give your wooden floor a light sanding in between each coat
- Clean brush or roller with water
- Approx. drying time is 2 hours at 25 degrees Celsius (weather dependent)
- Approx. surface coverage is 8-10m² per litre depending on the type of wood

HEALTH & SAFETY

- Keep out of reach of children
- Store in a cool dry area
- Can cause skin and eyes irritation
- Ensure protective gear / PPE is worn

LIABILITY CLAUSE

Colortone Paints CC does not accept liability for any loss or damage incurred from the misapplication of this product, as the application is out of our control.
